Planning Executive - Auckland

Aurecon provides world-class engineering, management and specialist technical services for public and private sector clients globally. Our vision is to foster human achievement and our partnerships with clients make a daily difference to the communities in which we live and work. We have offices in 28 countries and work on projects in over 70 countries across Africa, Asia Pacific and the Middle East.

Aurecon has been positioning itself for the introduction of the new Auckland Super City and is currently involved in a range of major transport, water and telecommunications infrastructure projects. As a result, Aurecon would like to appoint a highly motivated and ambitious RMA Planning Executive to lead this part of our business in Auckland. The successful candidate will work with other senior staff in our various areas of work to develop strategies and solutions to meet the needs of our clients.

To be successful in this role you will:

- Be degree qualified with over 15 years of RMA planning consultancy or council experience
- Be highly competent in the area of statutory and policy RMA planning services
- Have major infrastructure experience, in particular transport
- Have proven business development skills and experience with a strong desire to build and manage a successful planning and environmental team
- Be client focused and capable of developing new client relationships
- Have a strong business acumen with a good understanding of multi-disciplinary consultancy
- Be actively involved and recognised as an industry leader in the field of RMA Planning services

The remuneration and benefits available to the successful candidate will reflect the nature of this strategic role.
