## SENIOR & INTERMEDIATE PLANNERS

### Auckland

#### WHAT WE ARE AFER:

- Senior Planning and Policy Consultant
- Intermediate
- Planning and Policy Consultant

We're an environmental planning and policy consultancy that embraces sustainable and environmental excellence and leadership in our **wide-ranging projects.**

We're committed to finding the best people in the industry to help guide our company into the future, because it's the people that make us who we are and set us apart from the competition.

We're looking for Planners who are out of the box thinkers, are driven, client focused, have a keen interest in RMA planning, and most importantly, will have a willingness to work collaboratively to deliver outstanding projects. However, although we take our commitment to the business and the environment seriously, we still like to **have a lot of fun** along the way, so someone who enjoys a laugh would be an ideal fit.

Want to work for a business that prides itself on having a great company culture, flexibility in the workplace and encourages staff to reach their potential? We have an exciting opportunity for a innovative thinking Senior Planning and Policy Consultant and a highly motivated Intermediate Planning and Policy Consultant to join our dynamic Auckland based **Planning team.**

Have the opportunity to be involved in a mixture of projects including policy development, undertaking planning due diligence, assisting local councils with processing resource consents and acquiring resource consents for a range of development projects. Demonstrated experience in local government and private sector development projects is a must. An interest in telecommunications and infrastructure resource consents would be advantageous, but it's not essential.

Interested? If you have what it takes and want to work for an established, but still growing New Zealand owned, award winning consultancy, find out more and apply via our careers page [www.4sight.consulting/careers](http://www.4sight.consulting/careers). We can't wait to hear from you and good luck!
