You will be adaptable, self-starting, and a team player looking to work alongside our nationwide team. You will have:

- A demonstrated track record of forging strong relationships both within and beyond your workplace
- The ability to help us extend our range of clients through your established planning contacts in the Central North Island, particularly relevant for the Napier position.

The Right Fit

Combining your technical planning work, you will be working within our established planning team. There will be an element of business development and helping generate new business for the Napier position.
