

- **Permanent Full-time**
- **Viaduct Harbour based**
- **Macro to Micro Planning and Transport Land Use Integration**

## Do you want to play a key role in planning for Auckland's future urban form ? Do you want to be part of a team that leads Auckland Transport's involvement in land use planning and implementation ?

Here at Auckland Transport we are passionate about working together to deliver a safe, integrated and sustainable transport system and providing transport choices for a growing, vibrant Auckland.

We recognise the importance of having a future focus and work closely with Auckland Council, Central Government agencies and other key stakeholders to achieve this, to integrate planning for growth and intensification with the development and implementation of Auckland's transport system. We are looking for Planners to join our team and be part of making this happen.

### About the roles:

Our group operates at the nexus of transport and land use planning, playing an active role in influencing the shape and liveability of our future city. We have a role in identifying and planning for Auckland's urban form through the full planning spectrum – from policy development, growth planning and strategic spatial planning to place-based planning, masterplanning, development planning, consenting, and implementation. Yes, we are involved in actual Planning!

We have a number of roles requiring various levels of experience that we are looking for great candidates to fill:

- Team Leader, Development Planning team
- Senior and Principal Development Planners, Development Planning team
- Senior and Principal Planners, Land Use Policy and Planning team

### What We Need

Do you have experience in land use policy development, land use planning, resource management planning, transport planning, or development planning such as development assessments and consents?

You will be required to work across multi-disciplinary internal and external teams and represent Auckland Transport in a variety of policy and planning arenas. We are looking for people with experience in engaging and partnering with a range of stakeholders, who have a strong focus on customer service, and show initiative and take responsibility for delivering results.

If you have the skills that we are looking for and want to be part of our supportive and dynamic team, then we would love to hear from you.

At Auckland Transport ' We're all go' - Be a part of our collective future! This is your opportunity to hop on board as we shape the future of Auckland's Transport system.
