Resource Management Planner Hamilton

CKL is a progressive medium sized multi-disciplinary consultancy offering planning, surveying, engineering, environmental and transport services from three offices in the North Island.

We have a vacancy for a talented Planner ideally with 3+ years' experience to be based in our vibrant and busy Hamilton office. If you're a person with great ambition you may not yet have this experience, or you may be more senior and looking for change. In any case, we're willing to talk and are more interested in talking to the right candidate rather than the one with any given number of years' experience.

Your experience ideally will be with the preparation of resource consent applications for a range of interesting land use and subdivision proposals. Your role, under the direction of the Planning Manager, will also involve presenting evidence at Council Hearings, preparing submissions, supporting colleagues and providing advice to clients.

You will have a tertiary qualification in Planning, Resource Management or similar, and we encourage and support NZPI membership. You will have a sound knowledge of the Resource Management Act and resource consent processes, preferably with the involvement of land development, subdivision and land use planning. You will need to be a team-player, achievement oriented and have excellent communication skills.

In addition to providing a competitive remuneration, CKL also offers an employee Wellness and Benefits package which includes flexible working hours and a Wellness Allowance.

If you are interested in joining the CKL team, please email your CV and covering letter to the contact below.

Attn: Anna Redwood
