

Planning Plus is a team of environmental planning consultants providing high quality professional planning advice and assessment, and robust resource management solutions. Our goal is to provide comprehensive, professional planning advice that is timely and cost effective.

Our planners are the key part of the business and we are looking for someone to join our team.

The role is a part time (20-25 hours per week) and the hours and days can be flexible to meet your other commitments. We are based in Orewa so perfect to avoid the city bound traffic.

Your main role will be to provide expert advice to our clients and other stakeholders on planning and resource management queries You will also prepare resource and other planning consent applications to the requirements of the individual clients/projects.

We pride ourselves on our customer service and your ability to communicate both face to face and via email will be key to your success. We are a small, friendly team and are looking for someone who can manage their own time and workload and work with minimal supervision.

You will:

- be a qualified, experienced planner with initiative and drive to get on and work autonomously.
- have at least three years resource consent experience, either with a planning consultancy or Council,
- have a planning related qualification.
- ideally have experience managing projects from end to end

In return we offer:

- flexibility in relation to days and hours to suit your commitments
- great team environment
- training support to help ensure your NZPI CPD commitments are met

If you meet the criteria above and want a role that can offer you flexibility and development then please apply today. Please send your CV to Juliet Becker juliet@jbhr.co.nz or call on 021388684 if you would like more information
