

Planning Technician

Are you a planning graduate or have you graduated in a planning related field recently? Are you willing to challenge yourself working in a full-time entry level planning role that is heavily customer focused? Do you like a bit of sleuth work? If you answered yes to these questions then we'd like to hear from you now.

We are currently seeking a replacement Planning Technician to join our Specialist Advice and Compliance team. As the successful candidate your primary role will be to check building consent applications, to make sure they comply with the City's planning rules. You will need to interpret drawings and documents, respond to phone calls and e-mails and write technical emails and letters about planning matters.
