

Consents Team Leader

The Waipa District is one of the top five growth areas in New Zealand. As our new Consents Team Leader at Waipa District Council you will have the opportunity to be a key driver of, and influence, future growth in our District.

In this fast paced and challenging role you will lead complex land use and subdivision consents whilst mentoring and guiding your team with the processing of resource consents to ensure Council meets its obligations under the Resource Management Act (RMA). Your strong technical abilities within the RMA arena will allow you to confidently present and provide recommendations on resource management issues on behalf of Council to our Regulatory Committee and RMA hearings to enable them to make informed decisions.

To be successful in this role you will have sound knowledge and expertise in the administration and application of the District Plan and RMA. You will lead by example and seek to develop and support your team to deliver a first class planning service to our rate payers. With a collaborative approach along with exceptional communication skills you will seek to build strong relationships with key internal and external stakeholders providing positive outcomes for Council and our wider community on District Plan and RMA matters.

Based in Cambridge you will have the opportunity to escape from the hustle and bustle of the city and work from our offices alongside the Waikato river. Along with free convenient parking, we are within close proximity to many activities, elite sporting venues, and outstanding scenic features such as Lake Karapiro and Mount Maungatautari.

If you would like to be part of a team working today for the future of our tomorrow we would love to hear from you.

Applications close: 5pm Friday, 12 July 2019.
