Surveyors. Engineers. Planners.

## Positively Influencing Our Environment

### GRADUATE RESOURCE MANAGEMENT PLANNER (x2)

Would you like to be part of a team who strive to push the limits, **break new ground**, and **make a difference** in our communities? Would you like to be at the drawing board to positively influence development projects? Are you a **champion** of achieving positive environmental outcomes?

With an evolving national and local legislative context, the Wellington region continues to provide a dynamic and challenging landscape for resource management planners. There is a steady demand for new and interesting land development and housing projects, new transport connections **changing the identity** and geography of local communities and increased public interest and involvement in the future of our towns and cities.

Our planners are at the forefront of numerous land development, environmental policy, and resource management projects within the Wellington Region. Due to **sustained growth**, we are looking to expand our team.

We would like to hear from **emerging planners** who are looking to launch and grow their career within a supportive, professional and friendly workplace. We are committed to mentoring, on-going professional development, and providing opportunities to **lead and grow**.

Successful applicants will:

- Hold a planning, resource management or urban design-related degree;
- Be a member of NZPI (or be eligible to apply);
- Produce work of a **consistently high standard**;
- Have strong interpersonal and communication skills; and
- Have a positive attitude with a drive to succeed.
- Would like to gain extensive experience in land development.

Cuttriss Consultants Ltd has been serving the Wellington region for over 70 years. We are highly experienced, **committed**, and supportive. We offer continuing professional development, a varied and challenging work programme, flexible working hours, and a relaxed work environment. For more information about us, visit our website: [www.cuttriss.co.nz/planning](http://www.cuttriss.co.nz/planning)

Applications close 12 August 2019. To apply or for any confidential queries, please contact Linda Bruwer at [linda.bruwer@cuttriss.co.nz](mailto:linda.bruwer@cuttriss.co.nz)
