

Resource Consents Planner

Eden Terrace, Full Time, Resource Consent Planning

Join our growing Planning & Subdivision team

Due to the growth of our company, Ashcroft Homes require a **Resource Consents Planner** to assist our growing Planning & Subdivision Management division.

In this role you'll be responsible for providing technical advice to our planning, construction, sales and subdivision teams, securing resource consents for clients, and assisting in the implementation of subdivision consents. You will be able to utilise your planning skills and your understanding of the RMA, Auckland Unitary Plan, its amendments, appeals and associated legislation, in a fantastic team working with great people.

Does this sound like you?

- A tertiary qualification in Resource and Environmental Planning
- Sound communication and relationship management skills
- Good knowledge of the relevant Acts, legislation and practices
- Must be eligible to work in New Zealand
- Excellent organisational ability and good analytical skills
- Effective time management with the ability to multi-task to achieve deadlines
- Dedication to providing excellent customer service

What we can offer you:

- Support towards professional development
- Career progression within a growing team of professionals
- Access to a wide range of interesting and complex projects (small to large scale projects), including assisting in the project management of subdivisions
- A genuinely welcoming, fun and social team and working environment
- Open plan, newly refurbished offices in Eden Terrace

This is an amazing opportunity to join a busy, growing, housing development company which will accelerate your planning skills & knowledge.

Please email your CV and a covering letter to sophie@ashcrofthomes.co.nz. Applications close 08 October 2019.
