

INTERMEDIATE / SENIOR RESOURCE MANAGEMENT PLANNING CONSULTANTS

Wellington and Auckland based

We are looking for astute planners to be part of our Wellington and Auckland-based teams, at an Intermediate or Senior level. The positions involve working alongside the company's Directors and Senior Consultants on a diverse range of urban, infrastructure and natural resource-based projects.

Hill Young Cooper is a New Zealand-owned resource management and planning consultancy with offices in central Auckland and Wellington. We provide expert policy advice and carry out research and analysis on a wide range of district and regional planning, infrastructure and resource management issues; prepare and review resource consents, notices of requirement and plan changes; and act as Independent Hearing Commissioners.

Our preferred applicants will have experience in the preparation and review of plan provisions and resource consents; be solution-orientated; enjoy working with a diverse range of clients and colleagues and be able to progress projects while also developing their own workload. The position will likely involve a mix of consent and policy-orientated work.

You will have a tertiary qualification in resource management/planning and will have already demonstrated your capability through experience in a range of resource management projects and environments. Applicants should have at least three years experience and must have NZ residency or a valid NZ work visa.

The positions are on a full time, or near full time basis (at least 30 hours per week). We operate a flexible, family friendly workplace. We offer a strong commitment to continuing professional development, competitive remuneration depending on your experience and competence, and a generous, engaging and supportive company culture. If this interests you, send us your CV and covering letter to penny@hyc.co.nz or to the address below.

Applications close 5pm, Friday 6 September 2019

Hill Young Cooper Ltd
P O Box 106828
