

# Planners

## Build your future with WSP

---

WSP are a team of global experts who aspire every day to transform infrastructure to create better, sustainable communities. We believe the greatest infrastructure starts with people and through our collaborative approach we're creating innovative solutions for future generations.

We are looking for a number of Planners to join our growing team in New Zealand and work on projects of national significance. You will be part of a tight-knit group of specialist planning consultants and take advantage of all that WSP has to offer whilst enjoying quality, career enhancing work.

### Locations available:

- **Auckland – Intermediate Planner / Senior Planner / Team Manager**
- **Whangarei – Senior Planner**
- **Palmerston North – Intermediate Planner**
- **Napier – Intermediate Planner**
- **Gisborne – Intermediate Planner**

Due to our continuous growth we will have a number of roles showing up over the next few months and early next year. If your preferred location is not currently on the list, please do still apply.

### The Opportunity

Your role will be carry out design and technical advisory work for a range of external and internal clients, thereby contributing to the success of the business unit in meeting its business plan.

Promote a high level of communication within and across organisational boundaries for the benefit of clients, staff and projects.

- Lead/ provide input into the planning of projects and assisting project managers to correctly scope out projects, with appropriate inputs, outputs and verification activities.
- Demonstrate sound knowledge of resource management planning and formulates advice to clients on resource management plans and policies.
- Make sound decisions about technical issues and problem solve for clients to get the best possible outcome for a project and the environment.
- Identify innovative and original resource management planning outcomes that are well thought through and stand up to legal scrutiny.
- Prepare district plan changes, submissions on plan changes and policy statements and supporting technical reports.

### You will have:

- A tertiary qualification in planning/resource management or related discipline is essential.
- A member of the NZPI, EIANZ or similar.
- Experience working in the field of environmental planning.
- Dependant on level of role, 3 to 10 years of professional experience in planning/resource management or related discipline.

Although full time is our preference, candidates with part-time / flexible working requirements are encouraged to express interest also.

And how about you? You'll be agile, invested in your career have the technical expertise and the commercial acuity to contribute to our business. In return, we'll offer you a career-defining role, interesting and meaningful projects working with world leading experts. At WSP we foster a culture of collaboration, innovation and success.
