

**There's something
special about
this place**

Dunedin is an amazing place to live and work, and if you were to ask anyone living here, they'll tell you that there's something indescribably special about our city. It's small enough to feel like you're part of a community, but big enough to ensure that there's always something going on. From the great outdoors to arts, culture and education, all within 10 minutes of the city centre. Dunedin has so much to offer, so why not come and feel just how special it is?

SENIOR PLANNER (POLICY)

Are you a Senior Planner with a passion for plan-making and plan drafting? Do you have an eye for detail and are adept at reviewing work and spotting errors?

The Senior Planner (Policy) is part of the City Development Leadership team and, along with other senior team members, provides leadership on the District Plan and land use planning for the DCC. In particular, the focus of this role will be on being a champion for the 2GP Drafting Protocol and Style Guide, and ensuring all amendments to the 2GP done as part of the appeals resolution process, as well as all future plan variations and changes, are well-drafted and fit the architecture of the Plan, by developing appropriate training and support for planners drafting changes, designing and implementing auditing processes, and by reviewing work.

You will also have your own portfolio of Plan topics to lead, which in the short term will include Network Utilities, Mining and Transportation, and other topics as required. As a senior member of the team, you will be responsible for mentoring and providing direction to policy planners. You will be a confident communicator who is comfortable giving evidence in Plan hearings and potentially the Environment Court.

Applications close Tuesday, 7th January 2020.
