

Senior Environmental Planners

With the rapid growth and change in our City, we are looking to fill an entirely new team of Environmental Planners to implement the City Plan directly through resource consents. Within the team there are a number of Senior Environmental Planner positions available and we need your talent!!!!

These roles are complex, challenging and varied involving complex and exciting planning processes. As a senior you will be mentoring team members and be part of a team striving for great planning outcomes for the community for current and future generations.

This is a rewarding environment where you work as a large team as opposed to working in isolation. Our planners are invested for the right outcome, they thrive on having a positive impact on the community through their high contact approach and strong customer service. Building relationships is a key part to this role dealing with a range of stakeholders from our community, consultants and developers.

Experience in resource management related roles and a tertiary qualification in resource management or planning and development, are required as a minimum. We offer solid career pathways plus excellent opportunities for personal and professional development through our dynamic work programme planned for the coming years.

Become part of a planning team that is well respected in the planning community. If you are excited by the challenge of joining a high performing, supportive team, and have the skills and experience we are looking for, we'd love to hear from you.

For more information, refer to the detailed position description.
