

Senior Policy Analyst Resource Management

Council is looking for a policy analyst to join its Resource Management Team. Your expertise and focus will play an important part in progressing plan changes, including the upcoming District Plan review, structure plans and policy initiatives for the Western Bay of Plenty District

This is a Resource Management Act (RMA) specialist role, which will offer significant challenge and reward for the right candidate.

As well as being an enthusiastic team player you will have:

- a relevant tertiary qualification
- good knowledge of the RMA as it applies to plan making
- experience in policy analysis and preparing plan changes
- strong analytical skills
- good communication skills (written and verbal).

We're looking for innovation, enthusiasm, and the ability to explore alternative options. You will also need to be an effective facilitator and listener with the confidence to actively engage with our communities.

Applications close 5.00pm, Monday 08 June 2020.

To apply, please visit: [Senior Policy Analyst Resource Management Vacancy Details](#)

Applicants for this position should have NZ residency or a valid NZ work permit.
