

Position Available Intermediate or Senior Planner

About Us

Landmark Life was established in 2000. We currently have three Senior Planners working in a modern open plan office. We are privileged to provide resource consent services to a wide range of public and private sector organisations and individuals. We are regularly at the forefront of development in Nelson and Tasman, and also enjoy work in Marlborough, Christchurch and the West Coast.

Benefits of living in Nelson and Tasman

Nelson has the most sunshine hours in New Zealand and is positioned within 1 hour of three stunning national parks, the Abel Tasman, Kahurangi, and Nelson Lakes. This region continues to be a very popular place to live, work and play.

The Position

We are looking for another full-time planner to join our small but busy team. We all enjoy a wide range of work, influenced by the three Unitary Authorities in the Top of the South, and a diverse collection of supportive clients across the development spectrum.

This opportunity would suit a self-motivated and experienced planner who enjoys working constructively in a team to achieve positive outcomes. A high standard of oral communication and writing is essential, along with good project management skills.

Applications to be made via email and close on 19 September 2020.
