

## Team Leader Planning

- Leadership role
- 2nd generation plan, in public engagement phase
- Flexible work opportunity

Bring your leadership and technical skills together in this unique opportunity to lead a team whilst using your planning skills to their full potential. With six direct reports, a mix of Planners and Senior Planning Advisers, we are seeking a leader who will provide the team with the expertise and support they need to deliver their topics for the Nelson Plan.

Our team provides policy advice on a range of resource management issues, including air quality, iwi, biodiversity, landscape, growth and development, hazards, coastal, freshwater, heritage and open space. We are currently working on the development of the Nelson Plan – a truly integrated second generation resource management plan – with a programme of work that has the Council's commitment and backing.

Reporting to the Manager Environmental Planning, you will provide day to day leadership and operational management of the Planning team, contribute to your own programmes of work, and in conjunction with the Manager and Principal Planner, drive the completion of the Nelson Plan redevelopment.

To be successful in this position you will have proven team building/leadership skills including mentoring and coaching, plus the ability to work together with your customers and colleagues to achieve results. Your relevant qualifications in Resource Management, together with significant experience in this field will ensure you can provide best practice policy and strategic advice to Management and Council. Your excellent written and oral communication skills, contract and project management skills will also be an asset.

We are pleased to be able to offer this role as either a part-time or full-time opportunity. Please outline your work pattern preference, in your cover letter.

*"Working together to make Nelson an even better place"*

Nelson City Council is an organisation filled with supportive people who love this *smart little city*. We have amazing weather and gorgeous natural environment to play in, as well as good schools; it's a great place for all ages.
