

## Resource Management Planner – Christchurch & Nelson

Job Type: Two Permanent, full time positions  
Locations: Nelson and Christchurch  
Experience: Intermediate

### Vacancies

We are looking for two intermediate Resource Management Planners to join our teams in Nelson and Christchurch and get involved in a range of land development related planning projects.

The specialist planning expertise within Eliot Sinclair covers the entire planning spectrum - from private plan changes and large land development projects, to providing resource management planning advice for site specific issues in residential, commercial, industrial and rural areas. We also provide advice on specific planning matters including social and community housing, multi-unit developments, retirement villages, health centres and childcare centres.

Both positions will involve a variety of work including providing advice to our clients, assessments and submissions of resource consents, assessment of environmental effects, notice of requirements and outline plans and processing of consent applications.

### Skills and Experience

- Relevant tertiary qualifications
- At least three years of related New Zealand experience
- Good knowledge and experience with relevant legislation
- Excellent communication, presentation and report writing skills
- Positive attitude, experience in working effectively with others and being a real team player

### About us

Eliot Sinclair started out as a family-run business and our core values still hold true amongst our teams. We back each other and uphold a welcoming and empowering culture. With staff from all around the world across our four offices, we value diversity and appreciate each individual for who they are and what they bring to our team.
