

TOWNPLANNING
GROUP

Intermediate Planner

Town Planning Group is a resource management and development planning consultancy established in 2006, with offices in Queenstown, Christchurch and Auckland. We are involved in a wide range of private and government development projects across New Zealand. We pride ourselves on having a diverse range of exciting project work covering the spectrum of the resource management field, including commercial and residential developments, private plan changes and plan reviews, along with strategic advisory and development planning.

We are seeking an Intermediate Planner to join our Queenstown or Christchurch teams. The role will be suited to a solution-focussed and motivated person who is looking for career advancement working alongside an experienced team of planners, with involvement in rewarding development projects throughout New Zealand.

The successful applicant will have:

- Relevant qualifications with ideally a minimum of 3 years planning experience with a track record of success in a council or consultant position;
- Experience in preparing and assessing applications for resource consent, plan change proposals and other statutory documentation;
- A positive and proactive attitude geared towards solving problems and providing clear solutions to our client's planning issues;
- The ability to interact and communicate clearly with people;
- A desire for personal and professional growth in the field of planning;
- Time management skills to concurrently handle a wide range of projects over different areas of planning; and
- A great sense of humour.

The role is full time, and remuneration will be market competitive based on experience and compatibility with the position requirements. A part time role would be considered.

To apply, please provide your CV with a brief cover letter to Daniel Thorne via email daniel@townplanning.co.nz – for a confidential discussion, contact Daniel on 0274658099 or Brett Giddens on 021365513. All enquiries and applications will be treated in strict confidence.
