

Planning Vacancy (Senior/Principal)

Are you looking for the next challenge in your planning career?

Scott Wilkinson Planning is a specialist planning consultancy based in Parnell, Auckland with a satellite office in Wanaka. We provide planning advice and services to private sector, local government and central government clients.

Our employees receive professional development and a competitive remuneration package (including a competitive salary, regular performance bonuses and the opportunity for progression within the company) in a relaxed and supportive working environment. We also support professional memberships, regular conference attendance and professional development.

We are seeking a senior to principal planner to join our experienced and growing team. Being part of a small firm, the position offers a wide variety of experience in preparing and assessing resource consent applications, policy advice, submissions and presenting expert evidence and attendance at hearings and mediations.

We are currently involved in a wide and varying range of exciting private sector projects including aged care, social/affordable housing projects, commercial developments, greenfield subdivisions, and managed fills. We also provide local authority assistance with consent processing and policy advice, including a range of interesting and challenging resource consent applications.

The successful applicant will need to demonstrate a track record of experience under the Resource Management Act 1991 and needs to be eligible for membership with the NZPI. In particular we are looking for an employee with experience in complex resource consent applications and experience in hearing attendance or the presentation of expert evidence. Experience in the policy process would also be beneficial, but is not essential. The successful employee would possess a high attention to detail, the ability to work independently and an emphasis on customer service.

Applications close Monday 22 March 2021.
