

PLANNER

Classic Builders are seeking an exceptional Planner to provide accurate support & advice on planning, environmental and statutory land matters.

This is a newly created role that will be part of our close-knit Design team, based in Tauranga at our head office.

KEY RESPONSIBILITIES WILL INCLUDE:

- Providing technical expertise on planning, environmental and statutory land matters
- Delivering exceptional customer service, internally & externally
- Preparing detailed resource consent applications
- Identifying issues and opportunities with emerging legislation, locally & nationally
- Developing and maintaining a database of building performance standards
- Maintaining an understanding of the challenges our districts experience

WE ARE LOOKING FOR SOMEBODY WHO HAS:

- At least 4 years of experience in a Planner role or similar
- A recognised tertiary qualification in planning (preferred)
- An in-depth understanding of district plans
- Superb customer service skills
- Organisation and planning proficiency

Core to what we do at Classics is our values, so if these resonate with you and the way you work - then you'll fit in fine:

- We care
- We work as one team
- We are daring
- We deliver excellence

***We're gutsy and ambitious.
We're down to earth.
We're smart and curious.
We are people obsessed.
We understand.***

Classic is a success story that spans 20+ years. A couple of guys with different skills had a shared vision to build more homes for more Kiwis. They wanted to build better homes with quality and affordability taking centre stage.

Now one of the largest residential builders in New Zealand, Classic Builders has built over 6,000 homes across Aotearoa.

But we don't do this alone - we rely on the tenacity of our people, the heart of our business.
