

Plan for an exciting new future!

Tonkin + Taylor is looking for planners to help deliver a visionary, resilient future for Aotearoa New Zealand, its wonderfully diverse culture, people and communities.

We promise that life will never be dull! For 62 years, we've been helping to create a country and infrastructure that is envied the world over. Our clients range from local and central Government to businesses and private developers.

Our Planning Team has helped to shape Auckland's City Rail Link, Downtown and America's Cup infrastructure projects, anchor projects for Christchurch, such as the Justice Precinct and to build back a better Kaikoura following 2016's devastating earthquake. We've also helped to lead the first National Climate Change Risk Assessment, which is already providing a platform for Aotearoa New Zealand's future resilience.

There are plenty more exciting projects in our portfolio, so if we've whetted your appetite, read on!

Who do we need?

- Two senior planners with a minimum of eight years' experience - one based in Auckland, the other in Christchurch
- Two intermediate planners with at least three years' experience - one based in Hamilton, the other in Auckland

What do we need from you?

You'll have the appropriate Resource Management qualifications and be a member of the NZPI (or be eligible to become a member). A comprehensive understanding of the RMA, together with regional and district planning is essential.

We want team players who are adaptable and optimistic, who have top-notch communication skills, an eye for detail and are passionate about good client, iwi, stakeholder, and wider community relationships.

You'll be ready to take on the challenge of planning transformational projects that support well-connected, happy, prosperous and resilient communities - projects that tick all the sustainability boxes. An ability to work across a wide range of disciplines is a must.

If you're applying for one of our senior roles, you'll also have the ability to undertake peer reviews and expert witness services. We'd love it if you'd put up your hand to mentor less experienced members of the team and it would be great if you also had an eye for untapped opportunity!

What's in it for you?

- A highly competitive salary and great benefits
- Flexible working arrangements, including variable start times and working from home
- A workplace that welcomes diversity in all its forms
- A fantastic working environment, learning from people who are leaders in their field
- The potential to work on projects across NZ and the Pacific (bubbles permitting)
- A "family/whanau first" ethos. We understand that they take priority!

APPLY NOW, or if you would like any more information about this position, please contact Emily Hermon Ehermon@tonkintaylor.co.nz

We particularly encourage speakers of Te Reo Māori or Pasifika languages to apply.
